E	1				

STEP 1
Begin assembly by inserting the Threaded Rods (D) into the Legs (F) making sure they are fully tight.

STEP 2
Next turn the Desk (G) upside down and insert the Legs (F) into the holes in the corners (G). Secure each leg with 2 Allen Bolts (A), 2 Spring Washers (B) and 2 Hex Nuts (C). See **Figure 1**. Tighten all bolts with the Hex Wrench (E) provided.

CARE & MAINTENANCE: The touch of a soft cloth is all the maintenance the finish will ever need. Please do not use harsh or abrasive cleaners for polishing, as they may cause damage to the finish. Periodic checks are recommended to make sure that all hardware is securely tightened.

**WARNING: To avoid serious personal injury:**

- Carefully and strictly follow assembly instructions. Improper assembly of furniture can result in structural failure, instability of the product, or tip-over.
- Monitor and carefully control the assembly components. These include small parts and hardware that may present a choking hazard to small children. Bob's furniture should be assembled only by responsible adults and children should not be involved in the assembly process.
- Where provided, wall mounting hardware should always be used as prescribed in these instructions to anchor furniture to wall. Proper use of the wall mounting hardware can significantly reduce the potential for furniture tip-over and crushing injuries.
