CARE INSTRUCTIONS FOR LEATHER FURNITURE:

Avoid exposing furniture directly to sunlight or heating and air conditioning outlets.

Exposure to sunlight or heating and air conditioning outlets will cause fading or damage to leather. Wipe gently with a damp, soft cloth to remove dirt, dust, or any build up. Wipe the leather with a professional cleaner.

⚠ WARNING: To avoid serious personal injury:

- Carefully and strictly follow assembly instructions. Improper assembly of furniture can result in structural failure, instability of the product, or tip-over.
- Monitor and carefully control the assembly components. These include small parts and hardware that may present a choking hazard to small children. Bob's furniture should be assembled only by responsible adults and children should not be involved in the assembly process.
- Where provided, wall mounting hardware should always be used as prescribed in these instructions to anchor furniture to wall. Proper use of the wall mounting hardware can significantly reduce the potential for furniture tip-over and crushing injuries.
